

Prayer for Peace

Beloved God
We pray from the inside of the Name of Jesus Christ
We pray for Peace
We pray for Your Divine Peace to permeate all of existence
Let Peace permeate the whole of my existence all of my body
Let all the cells in my body shine with Your Divine Grace
Your Peace.

Let it permeate my mind
and my Soul
and be present in the depth of my Heart.

From there let it spread into the world
to all those who are going through ultimate suffering.
Be with them
in such a way that they can feel comforted and reassured
by Your Loving Presence
Let help come to them
in the way they need the most

Let Your Grace and Your Mercy
melt the Hearts in the brothers and sisters
who are caught in the darkness of aggression and violence
Let them open to Your Love and Truth.

Let mankind wake up to the deepest reality of Oneness
the deepest Truth of Coherence
that we are all connected and depending on each other

Let us join in this Sacred Truth
and fulfill the deepest Purpose
as images of God
of the One Loving Consciousness and Presence that
is within us and always surrounds us.

This One Loving Consciousness
that is the Breath
within our Breath
Breathing with Peace.

Amen.
